TAYLOR'S RIB RAIL RUBBER

Insures absolute protection against "shots." Taylor's Rib Rail Rubber is corrugated and made of finest grade, fully cured sponge rubber. The extreme resilience of the highly cured rubber causes quicker dice action and speeds play considerably.

Over half the dice tables in America have adopted the Rib Rail Rubber. Bring your table up to date with Taylor's "Insurance against Shots."

Rib Rail is green in color to conform with the layout. An ample amount of special glue for application, and instructions for installation are included with each order.

Orders must specify length and width of table, also exact rail height from table top to underside of rail cap.

TAYLOR - MADE GAMING LAYOUTS OF ALL DESIGNS

The quality of our layouts is backed by years of practical experience supplying the most exacting operators throughout the country. Our materials and workmanship will stand the most critical comparison with any competitive product sold at any price.

We use Imported Simonis cloth, plain cloth or rubber backed cloth. The design is dyed in the fabric in six colors, attractively distributed. The colors are fast dyed, odorless and can be dry cleaned when soiled.

Layouts can be made to any specifications, regardless of design or copy, merely supply dimensions as indicated below. If the exact design that you require is not shown on these pages, please write us and your inquiry will be given prompt attention.

Roulette, Chuck Luck, Hazard and other small gaming layouts can be supplied in Taylor's enamel duro cloth.

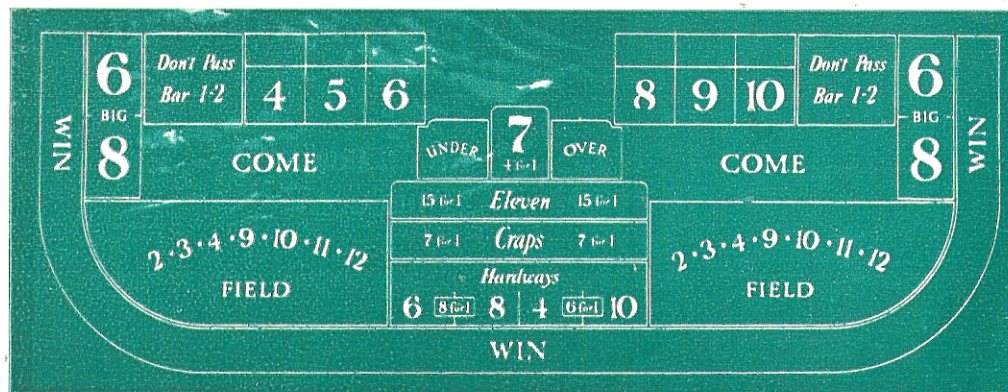

Furnish dimensions No.'s 1 to 5 as shown above.
