

TAYLOR-MADE DIANA RED AND BLACK LAYOUT

Taylor's Diana Red and Black Game or Roulette with cards is a side game with unlimited possibilities in any clubroom or horse book room. The outfit consists of an enamel cloth layout using real card faces and outlined and painted by hand in attractive colors. This is mounted on a panel board 26 x 45 inches with hardwood moulding and covered with bevel edge plate glass. Two decks of playing cards are used, placed face down in a chromium dealing box and withdrawn one at

a time during the play. Wagers are made on individual cards, groups of four suits, color, etc., with odds ranging from even money to 32 to 1 for the player, and a very attractive percentage for the operator.
