Major Riddle,
The Dunes Hotel Casino,
c/o The Dunes Hotel,
Las Vegas, Nevada

Dear Mr. Riddle:

We have several pieces of used furniture, in first class condition, for sale and are wondering if you would be interested in purchasing the lot.

It consists of 2 regulation Roulette Tables and Wheels, 3 regulation Black Jack Tables, 2 Hazard or Chuck Tables, regulation 42" x 72" size, 1 Big Money Wheel and Stand and 1 4½ x 12 Crap Table. With the exception of Layouts, the above is complete with all accessories necessary, such as Check Racks, regular Drop Money Boxes as used in Vegas, Discard Receivers, Money Paddles, etc. Everything ready to set up and go to work, except as noted above, no Layouts included.

There are also 40 Upholstered Chairs, with Jade Weldron Upholstered Seat and Back, 2" Foam padded, Brass Ferrules and footrest. Upholstery matched Arm Rests on above Tables. Wood on Chairs is finished in Natural Blonde.

All Tables except the Crap table, (which is all Walnut Formica with Check Rail and Drink Rail) are of selected Black Walnut, with turned legs and carved feet, with Formica back rail, at Dealer position, balance of Rails Foam padded and Upholstered to match Chairs.

There are also 12700 assorted colors with contrasting edge inserts, our own T Design Dealing Checks in the Special Extra Heavy weight, ready for an Inlay of your choice of printing.

A list of the above in detail is enclosed for your perusal.

We shall look forward to hearing from you.

Very truly yours,

Taylor & Co.

Jean Bernard Caro,
252 Boulevard Voltaire,
Paris, XI E, France

Dear Mr. Caro:

The writer telephoned Art Gamlin of Nevada Layout Co., yesterday, to ask who is making Roulette Wheels in France. He advised it is you and suggested I write you direct. We would appreciate detailed information of what you have to offer, with respect to our purchasing some for resale here.

Art also recommended you highly and told me to tell you he has a high regard for the integrity of the writer. He and I are old friends, having worked together for the same Company for several years, when we both started in this business in the early 1930's. He suggested I advise you of the following, since you may have need of some Furniture or Checks for your Caribbean and other Casinos around the world.

Our particular phase of the Casino business is primarily Dice, Dealing Checks and Custom Furniture. We purchase all our Layout needs from Art. We normally have a good inventory of Casino Tables on hand, solid Crated for overseas or elsewhere, immediate shipment. A listing of what we have available at present, is enclosed on separate sheet.

Our Craftsmen (Cabinet Makers and Finishers), are all European trained and highly skilled in Custom work. We have no production line as used in the run of the mill Furniture business as we know it here. Every piece we turn out is carefully constructed of the finest materials, properly dried, selected Hardwoods, all with Hand Rubbed Finishes. We take great pride in stating, we make the best Furniture produced for the Casino Trade.

Some time ago we had an order for special Crest & Seal, Inlaid Checks which was subsequently cancelled. However the Inlays were completed at the time and consequently paid for by the Customer. If you can use the entire Lot, inlaid in Checks and colors of your choice, a substantial saving can be accomplished.

There are enough Inlays to produce the following:

2700 - \$1.00 Checks; 8000 - \$5.00 Checks & 2000 - \$25.00 Checks.
Samples are enclosed. A total of 12,700 Checks.

If you are interested in the above, we are prepared to quote a very attractive price for the lot.

We earnestly solicit and would greatly appreciate the opportunity of supplying your needs in any of the Items we manufacture.

Looking forward to an early reply, we are,

Sincerely yours,

Taylor and Company,

Carl P. Stahl

H. K. Riel,
25 East Providencia Ave.,
Burbank, California

Dear Mr. Riel:

In accordance with our telephone conversation, Friday evening, we respectfully submit the following Proposal for your earnest consideration.

To avoid repetition and be as brief as possible, this description applies to all Furniture listed. All exposed wood is AAA Selected Clear Black Walnut, thoroughly Kiln Dried, purchased in the rough in 2" thickness, the highest quality Clear Walnut available anywhere. We trim to 1 3/4" and used 5 thickness's to Laminate each Leg, Foot and Spreader. The Beds or Table Tops of the Roulette and Black Jack are 1" thick, 8 ply, reinforced with 1/2" thick band around perimeter. The Crap Table Bed is 12 ply 1 1/4" Plywood. All Beds Sealed for moisture control. Crap Table Legs and Spreader are of 1 1/8" Flakeboard or Corewood, again, a Moisture Controlled Product of the Lumber Industry, which we find, an excellent Core whenever we use Formica on the exterior. Walnut Formica covers the entire Crap Table and very closely matches the Walnut in the other tables. - 3 per leg
to 3 3/8" thick

All of this Furniture was built to very rigid specifications as to Joining, Finishing and Climate control. An inspection of it will verify these specifications were carried out to the letter. The writer has spent 35 years in this business and unequivocally states there is no Furniture in use in any Casino to equal it. To compare it with some "Run of the Mill" Furniture made to sell for a price is without merit. You must see it to realize its value.

A listing of the various pieces is enclosed separately together with all accessories included with each Table. We took a few pictures of the Chair, one of which is enclosed together with a Swatch of the Upholstering Material. This same material is also used on all Arm Rests on the Tables. Also, Formica is used on all the Tables at the Dealer positions and around the Apron on the Roulette Tables.

Page Two

To sum up, it is highly probable our prices may not be in line with some of the Furniture you have seen, particularly some I have seen which is literally thrown together to sell for an attractive price to the Buyer.

I sincerely hope you will give this serious consideration and, as you suggested, come to Chicago to see it at first hand. If you do, I'm sure we can arrive at a satisfactory conclusion to all concerned.

I have just learned of a Death in our Family which necessitates my being out of town Monday and Tuesday, the 5th and 6th. I shall return late Tuesday evening, arriving home about 10 PM. (8 PM your time.) If you wish to contact me for any reason, my home telephone is, area code 312, 424-0201.

Sincerely,

Taylor and Company,

Carl P. Stahl, Owner
